END OF YEAR 2017 UMDPC CIRCULAR NO 14

To: All Medical and Dental Practitioners,

: All Health facility owners

RE: UPDATES ON CPD IMPLEMENTATION AND EARLY LICENCING 2018

Council commends all the health care providers in their effort to offer quality health services to all the citizens of Uganda.

Council wishes to send some updates to you as follows:

1-Council informs you that the CPD guidelines have been revised and copies have been sent to your mails and are also available on www.umdpc.com. They now include new levels 4 and 5 which address CPD requirements for health managers and academicians respectively.

2-All accredited CPD providers and individuals are asked to submit their CPD points to UMDPC in time. This will help to avoid the January rush hours.

3-Council gladly informs all practitioners with required CPD credit points to start applying for 2018 APLs in December 2017.

4-Health facilities that were inspected and approved by the UMDPC inspectors in 2017 can also apply for their operational licences for 2018 in December 2017.

Council welcomes you to its new premises on Kafeero Road, off Mawanda Road Mulago Hill. Council wishes a happy Christmas season.

Dr Katumba Ssentongo/Registrar
